

## DESCRIPTION

The basin is extracted from a monolithic block of lava stone, manufactured and finished using long lasting craftsmen techniques.

This solid piece is designed to give energy and beauty to the wellness environment, while the inside of the washbasin can be customized with enameled colors from our extensive palette.

The metallic structure, black coated with RAL 9005, support the glazed lava stone oval basin. Basin drain not included in the supply.

## TECHNICAL DETAILS

- Wide range of colours from RLS Colour Palette
- High resistance to chemicals
- High resistance to all weather conditions
- Nonporous: Waterproof
- Easy to clean

## DISCLAIMER

Lava Stone is a natural product and could present itself with slight imperfections that are not homogeneous. The glazing and decorating of the stone is done by hand and the firing process takes place at temperatures of approx. 10000°C. Slight imperfections or variation in shade certify the handmade nature of this product.

Glazed lava samples may vary in pigment, and the glaze could present some fine cracks, particularly in surfaces which have been cut from larger slabs. In certain cases we send out control samples in the desired thickness to ensure a similar finish at the time of order.

## PRODUCT DETAILS

Product Code	: DL-BSN-01
Product Name	: BASIN#01
Category	: Lava Stone
Brand	: Ranieri Lava Stone
Origin	: Italy

## DIMENSIONS

Basin	L 680 x W 400 x H 120 mm
Structure	L 680 x W 400 x H 740 mm

## SPECIFICATIONS

Material	: Lava Stone
Collection	: DLAVA
Finish	: Various

## USEFUL DATA

Suitable for	: Commercial   Residential
Warranty	: 10 Years

## CLEANING AND MAINTENANCE

- Cleaning is simple with warm, clear water and a pH-neutral fluid detergent. Rinse with plenty of water, then dry with a clean microfiber cloth.
- Stubborn Stains can be removed with Glass & Ceramic Cleaner or a Stone Cleaner, specific for the Lava Stone on to the unglazed part of the item.
- If necessary, use a soft nail brush for stubborn stains or residue, then dry it and apply a polish with a clean microfiber cloth.
- Do not use any abrasive sponges, steel brushes, wonder sponge or any abrasive/caustic cleaner.
- Do not use a high pressure cleaner or a steamer
- Protective products can be applied on the surface to prevent stains and other residue.
